moved. Consumption or habitual costiveness yields readily to Zopass; it acts gently, yet effectively, by acting directly upon the cause, and removes it without pain. Persons of sedentary habits (which is often the cause of costiveness and irregularity of the bowels) will find Zopass most efficacious; if you suffer from indigestion, heart burn or sick head ache, don't fail to try it. One dose will relieve you immediately, and one large bottle will cure any ordinary case.

LOCAL MATTERS.

They will go.

Early in October we received from a Boston house 50 men's suits, nice heavy all wool goods for winter wear, 25 each and 200 frock suits, size 36 to 42, in regular sizes, and 44 to 50 in the extra sizes. They were bought for an \$18 to \$20 suit, —\$18 for regular and \$20 for extra size. On examination we found that they were slightly imperfect, while it did not affect the real value and would not be noticed by any one, at the same time they were not just as ordered. We laid them aside and reported the fact to the makers, since which time we have been negotiating regarding them. We made up our minds if we could buy them so as to be able to offer them at about two-thirds their value, would do so. We have to-day been notified by letter that our terms have been accepted and we will sell the entire lot commencing Friday, Nov. 13, at \$12 per suit, including the extra sizes. You had better look at them.

PITCHER & ZIEGLER.

BRIEFERS.

Newton and his bicycle at the rink to-night.

—Night Officer Ed. Smith captured a tramp last night.

—Newton and the Bower City band at the rink tonight. All skate.

—The greatest bicycle rider in the world at the rink to-night. Admission 15 cents.

—Janesville Commandery No. 2, Knights Templar, regular semi-monthly convocation this evening at Masonic hall.

—The Janesville Pleasure club give a dance at Apollo hall to-morrow evening. Anderson's band furnishing the music.

—The members of the fire department, are requested to meet at the vest side engine house this evening at 7.30 o'clock.

—The county board of supervisors this afternoon passed a resolution fixing the salary of the sheriff at \$2,000 per year.

—A sneak thief stole \$150 worth of jewelry belonging to Mrs. George Williams from her residence on Fourth street, Beloit, yesterday.

—The stone work around the lower door at the court house is being renewed, and the glass doors which take the place of the old iron gratings are now in position.

—The report published in last evening's Gazette of the waylaying and robbing of Charlie Cannon is characterized as a thin sensation in the morning paper. The Gazette published the article at the request of the young man's father, and at three o'clock this afternoon the same authority vouches for its truthfulness.

—The First M. E. church people enjoyed a very pleasant and profitable time at the children's picnic at the residence of Mr. and Mrs. Samuel Wright, Park avenue, last evening. There was a very large attendance and chicken pie went off like "hot cakes."

—The city of Oshkosh has just given a Chicago firm an order for two four wheeled, one horse horse carriages, paying six hundred dollars each, and Milwaukee follows in the wake of Oshkosh by duplicating the order with the same house. They will all have them in time.

—Madison Journal.—During the past five years the sum of \$15,762.63, collected as fines and costs, was paid into the city and county treasuries by the municipal court of Madison. Of this sum \$11,100.97 went into the city treasury and \$5,661.71 into the county treasury.

—Professor L. A. Torrens met with very good success in his children's class yesterday afternoon. About forty young people were present and the prospects for a large class are good. In the evening the rehearsal was also well attended and passed off very smoothly.

—Mrs. J. T. Wright gave a party to her lady friends last evening, about forty guests enjoying her hospitality. The pleasant home in the first ward was brilliantly illuminated both inside and out and from six to ten o'clock the rooms were filled with the ladies who enjoyed themselves highly.

—The Ladies' Aid society of the Presbyterian church will hold their monthly sociable to-morrow evening, at the residence of Mrs. John Richardson, on North River street. One of the principal features of the evening will be a first class German supper. All friends of the church and society are cordially invited to attend.

—The friends of Miss Maud McKinney marked her nineteenth birthday very happily last evening by a surprise party at the home of her parents, Mr. and Mrs. H. D. McKinney, of the third ward. Quite a number of them gathered at her home, but though the visit was entirely unexpected, Miss McKinney showed herself to be a very agreeable hostess under any circumstances, and her guests were made to enjoy themselves thoroughly.

—Mrs. R. M. Wheeler has rented the dwelling house near the corner of Milwaukee and Jackson streets, in the rear of Mackin's new block, and fitted it up for a boarding house. Mrs. Wheeler's reputation is sufficient guaranty that the house will be well kept. She can accommodate a few regular boarders with rooms, but more particularly desires day boarders. Her table will always be first class, and rates reasonable.

—The eighth annual party of the Janesville Guards will be held at their armory on Friday evening, Nov. 20th. The committee are hard at work, overhauling the armory, making new decorations, and otherwise improving their rooms, and are determined that this party shall be in keeping with their former annual gatherings. Anderson's orchestra will furnish the music. Tickets \$1.00. Supper at Saurfield's.

—The Beloit Free Press has been looking up the tobacco warehouses in Rock county and this is his count: There are in Rock county 63 tobacco warehouses, located as follows: Edgerton, 31; Janesville, 21; Milton and Milton Junction, 7; Evansville, 4; Beloit 1, and Clinton 1; There are but 10 warehouses at Stoughton, Dane county, most of the warehouses there having been destroyed by fire last winter. In the district represented in the Beloit-Janesville and Monroe insurance compact there are 80 warehouses upon which there was last year an aggregate of \$2,430,000 insurance risks carried by different companies.

—This morning at nine o'clock St. Patrick's church was filled to the doors with the sorrowing friends and relatives of the late Mr. John Griffin. The funeral services were grand and very impressive and the anthems rendered by the choir were very fine. Rev. Father McGinnity officiated and showing by his words the sympathy he felt for the bereaved ones, he strove in his brief remarks to pour a balm on the sorrowing hearts. The deceased was a man who made many friends and those who joined in mourning his death were many. At the conclusion of the services the remains were taken to the Catholic cemetery for burial the pall bearers being as follows: Michael Mulcahey, Richard Nash, John Murray, Martin Coslow, Daniel Seakins and Richard Barry.

My wife, who had been troubled with rheumatism for about twenty years, used half a bottle of Atlipholene and is present is not troubled with rheumatism. I take pleasure in offering it to customers. S. E. Douglas, Korte, Indiana.

WEDDING BELLS.

BAKER-SMITH.

The nuptials of Mr. Hubert A. Baker and Miss Anna B. Smith were celebrated in a very brilliant manner, at the home of the bride's father, Mr. M. O. Smith, of the third ward, this afternoon.

Mr. Orrin Bemis acting as best man and Miss Kate Smith making a charming bridesmaid. About eighty guests were present to offer their congratulations, and wish the young couple a long and happy life.

At high noon the bride and groom moved into the room to the soft music of the wedding march played by Mrs. H. A. Doty, and took their places under the beautiful floral bell which hung from an evergreen arch in the corner of the room. Rev. C. M. Piller, of Christ church performed the ceremony uniting two loving hearts for life, and the friends and relatives of Mr. and Mrs. Baker pressed forward to wish them much happiness. In the meantime an elegant wedding dinner had been spread, which was enjoyed by the guests.

Mr. and Mrs. Baker are well known and highly respected in this city. The groom is in the employ of Courss & Jones, and has made many firm and sincere friends by his lively disposition. He is possessed of more than the usual amount of energy and perseverance, and is sure to gain him success in life. The bride is the only daughter of Mr. M. O. Smith, and is of a nature to make friends wherever she may go. She is a favorite in Janesville society and Mr. Baker may deem himself fortunate to have secured so amiable a wife. That their friends are many was shown by the presents which were rich and costly. A number of guests from out of town were present, among them being Miss Kate Smith, from Minneapolis; Miss Dora Dunton, Chicago; Mr. S. C. Cheney, Monroe; Mrs. C. Godfrey, Monroe, and Mrs. Hand and daughter, Miss Ida Rand, of Detroit.

The wedding trip will be short, the party starting this afternoon for Chicago, and intending to return Saturday. They will have rooms at the home of Mr. M. O. Smith after their return.

That all happiness may be theirs, and that only the silver linings of life's clouds may be seen by them, is the wish of all.

Personal.

—Mr. and Mrs. J. B. Hume have returned home from a pleasant visit in New York city.

—Miss Dora Dunton, of Chicago, is the guest of Miss Millie Chittenden, of the first ward.

—Mrs. S. J. Robinson, of Boston, Mass., is visiting with her brother, Mr. Thomas Tennant. She is accompanied by her daughter, Miss Grace Robinson.

—Hon. A. J. Holmes and Messrs. T. L. and J. P. Jackson, of Boone, Iowa, the gentlemen interested in the construction of a street railway in this city, were at the Myers house to-day, in consultation with prominent citizens, and making the final arrangements for the building of the road.

—Mr. E. E. Warner, of Vinon, Iowa, at one time county clerk of this county, was a welcome caller at the Gazette office this morning. Mr. Warner is now on his way to Washington, where he intends spending the winter studying the mythology of the North American Indians, provided he can have access to the manuscripts in the Smithsonian Institute.

—Mr. Will Newton, the great bicyclist, arrived in the city last evening and will give an exhibition at the rink to-night.

In his practice this morning we were surprised to see how much he has improved since he appeared here last winter. With him the use of two wheels on a bicycle is utterly useless as there seems to be nothing that other riders do on two wheels that he does not accomplish on one. He is on his way to San Francisco and will sail from there to Australia, where he is engaged for an exhibition tour through the British colonies. Unquestionably he is the greatest bicycle rider in the world and those who visit the rink to-night will be amply repaid for their small expenditure of 15 cents.

THE FRANKS OF MANY THOUSANDS have mothers, worn out with caring for cross and sickly children, have been and will be returned, for the relief and sweet sleep which they and their babies have all received from Dr. Richmond's Samarian Nervine. \$1.50, at Prentice & Evanson, opposite Postoffice.

The weather.

At seven o'clock this morning the thermometer indicated 51 degrees above zero. Cloudy with southwest wind. At one o'clock p. m. the register was 44 degrees above zero. Light rain with northwest wind. For the corresponding hours one year ago the register was 27 and 40 degrees above zero.

Buckies' Africa sale.

The best sale in the world for out-brass, bones, ulcers, salt rheum, fever sores, tooth, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by F. Sherer & Co.

Prentice & Evanson distinctly state that Acker's English remedy has been almost entirely neglected for years. Ask for circular. An entirely new medicine guaranteed.

The Opera House.

Janesville people don't turn out to the first class shows which appear in the city. They wait until some second class company comes along and then after being taken in go away disgusted. Last night was no exception to the rule, for while the show was an exceedingly good one, the audience was rather small. It was enthusiastic however, and applauded the good points until the hall rang.

Erza F. Kendall as Giles Burton was especially good, and at the end of his songs was forced to respond to a hearty encore. He is the best in his particular field, of any comedian who has appeared in Janesville for a long time. His support was also strong and the songs by the Olympic Quartette, and the solos by various members of the company were very well rendered.

Very Remarkable Recovery.

Mr. Geo. V. Wilcox, of Manchester, Mich., writes: "My wife has been almost blind for five years, so helplessly that she could not turn over in bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work."

Electric Bitters will do almost anything for them. Hundreds of testimonials attest their great curative only fifty cents a bottle of F. Sherer & Co.

FOOTE & WILCOX.

ARTESIAN WATER!

The Janesville Delegation at Rockford Yesterday.

They Are Delighted with the Rockford Water-Works System.

As stated in last evening's Gazette, Aldermen T. T. Croft and S. C. Burnham, and Messrs. L. B. Carle, A. E. Burpee, Stanley B. Smith, Charles Atwood and O. E. Ransom, visited Rockford yesterday for the purpose of investigating the water-works system and fire department of that city, and gaining information in relation thereto. The party returned home last evening. In conversation with members of the party we learn that they are more than ever convinced that if Janesville adopts water-works the city should own the plant, and that the experience of Rockford is worth a great deal to Janesville in constructing water works. The original cost of the Rockford plant was \$350,000. The plant could now be duplicated for \$250,000. They have 33 miles of mains and 250 fire hydrants. One of the party handed us some figures giving the cost of the Rockford plant, operating expenses and the revenue derived therefrom, as evidence that should a plant be put in here the city should own it. The figures are:

Interest on \$250,000.....\$12,500

Running expenses.....\$10,000

Total.....\$22,500

From water rents.....\$12,400

Fire plant credit.....\$7,500

Net profit.....\$7,400

The above is claimed to be a total figure at a time when the people of Rockford are compelled to use water drawn direct from Rock river; that when the artesian wells are completed the water receipts from domestic consumption, will be doubled. The fire department of Rockford, consisting of three hose companies, and one hook and ladder company, is paid and costs the city in round figures, \$9,000 per year, net profits of the water works almost paying the expense. Rockford has had no trouble in the management of the works on account of "political" rings, on the contrary they are well satisfied with the management in the hands of the mayor and council.

The delegation, with one exception, are enthusiastic in favor of our city owning the plant if one is put in. The party were kindly received by the authorities at Rockford and given every opportunity to further their investigation.

It will be seen by the above report that the Janesville delegation returned from Rockford, impressed with the idea that if our city has water works, they should be owned and controlled by the city. The fact is self evident that this sentiment in favor of city ownership has developed and gained in popularity during the past month, as the result of agitation on the water works question.

Another fact should not be overlooked, namely, that the petitions which have been freely signed, express a willingness to have the works constructed by a private company. This willingness does not necessarily mean opposition to city ownership. It does mean this however, that when the question was first proposed it was believed by the organization who put the "ball in motion" that the city would be benefited by water works and that public sentiment would favor a private company under proper restrictions, while it would not at that time endorse bonding the city for the construction of a plant. When these petitions go before the common council, as they will at the next regular meeting, it remains for that body to dispose of them and take such action as in their judgment they deem advisable. They are of course at liberty to reverse them and order them placed on file.

This would be an easy method of disposition, but hardly becoming the dignity of a city council. The city charter is tolerably explicit along the line of renting or owning water works; the council are supposed to be thoroughly conversant with the provisions of the charter. If the petitions do not cover the legal points necessary, they at least signify a desire. It remains for the council to say to the taxpayers what they must do in order to comply with the charter provisions.

The Gazette has maintained from the first a desire for water works, believing that the prosperity of the city would be materially enhanced by the enterprise. The paper has also favored construction by a private company with the privilege of city ownership after construction, believing that a private company would construct better and cheaper than the city. This frequently expressed desire does not mean opposition to water works or to any practical plan for securing them. It does mean, however, that if the common council shall provide some plan whereby public sentiment may be tested, which we believe to be strongly in favor of a water supply system, that the paper will endeavor to reflect public sentiment and encourage any practical movement for the prosperity of the city.

In the dim light of a prospective future Janesville will enjoy water works, a street railway, a building association, and last but not least the Evansville cut off with all that the latter implies of increased population and added industry. Let us work unitedly along the lines of city improvement, knowing that public and private interests go hand in hand. Not every man for himself, but every man for the public good is a motto worth considering when questions of public interest invite attention.

Scott's Emulsion of Pure

Cod Liver Oil, with HYPOPHOSPHITES, IS RECOMMENDED AS A FINEST FOOD.

The increase of flesh and strength is perceptible immediately after commencing to use the Emulsion. The Cod Liver Oil emulsified with the Hypophosphites is most remarkable for its health, strengthening and flesh producing qualities.

Q. P. W. & B. & E.

Merchant Tailoring.

All these wishing good, well-made garments from the best of material at the lowest prices that they can be made for, we would like to have them examine our stock. Hand me down or "Mock Skeggs" grade of goods we haven't the workmen or the time to make. We are always pleased to show our goods.

FOOTE & WILCOX.

COUNTY GOVERNMENT.

November Meeting of the County Board of Supervisors.

The County will Continue to Care for the Poor Under the Old System.

The Sheriff's Salary Fixed at Two Thousand Dollars Per Year.

Other Important Business Transacted.

Report continued from Wednesday afternoon.

Mr. Keeler, from the committee on abstracts, made the following report:

To the Board of Supervisors of Rock County.

GENTLEMEN: Your special committee, appointed to examine the county abstracts, has the honor to report that they have examined and books as far as their limited time would allow, and find the books complete to June 1st, 1885, that they seem accurate and made according to contract recommended by Rock county, and that the sum of \$700 be and is hereby appropriated to C. L. Valentine, register of deeds, the same being in full of all demands against the county as per contract made by the county of Rock with C. L. Valentine, dated March 17, 1881.

Your committee, at this time, are unable to present to this board any permanent plan for the regulation of fees for abstracts called for, and would respectfully ask that the time may be granted until our next January meeting for this committee to submit such report in detail, but would recommend that until the January meeting, the register of deeds be authorized to furnish abstracts of title properly certified to by him, to any persons asking for the same, and the charge shall be twenty five cents for each conveyance entered on said abstract, no charge to be made for the certificate. We further recommend that C. L. Valentine be authorized to complete the abstracts since June 1st, 1885, and keep the same written up until our meeting in January next, and if he shall perform and duly execute the same, he shall be paid the sum of one hundred dollars for such services. The county agent is also requested to furnish the necessary blanks for said abstracts at once.

C. O. KEELER,

A. E. BURNHAM,

G. H. CHENEY, Committee.

On motion the report was adopted and the appropriation made.

Mr. Eager offered a resolution instructing the clerk to correspond with the clerks of other counties having a county abstract system, as to what rates were charged. Adopted.

Mr. Huntly introduced the following resolution as a substitute for the one introduced by him in May last.

Resolved, By the Rock County Board of Supervisors, that on and after January 1st, 1886, there shall be a readjustment of the present mode of taking care of and relieving the poor of this county by each city, town and incorporated village paying for the support of its own poor, and all such poor as may be so maintained, shall be kept and cared for at the Johnstown poor farm, and be subject to the same rules and superintendence that now governs, and it shall be the duty of the superintendent at such poor farm to transmit to the county clerk on or before Nov. 1st of each year the amount of temporary relief furnished to each city, town and incorporated village, with the name of each person receiving aid at the poor farm, and it shall be the duty of the county clerk on receipt thereof, to immediately transmit to the different city, town and village clerks, with names of the amount due from each on account of temporary relief, including its poor kept at Johnstown, for said clerks to place the same amount in the tax roll, and to be collected as the poor fund.

Resolved, That the clerk shall be notified at the Johnstown poor farm, and change the present rules, regulations, care and superintendence at the Johnstown poor farm, including the county at large, only as stated in this resolution, to each superintendent of the poor, if the same is adopted.

Mr. Huntly moved to postpone further action until ten o'clock this morning.

Mr. Allen moved to amend by postponing action on the substitute until 1:30 p. m. to-day. Amendment lost.

The original motion was then adopted. On motion of Mr. Keeler, the clerk was instructed to ask the district attorney to be present at ten o'clock this morning.

Mr. Thomas moved that when this board adjourned it be to January 13th, 1886, at 2 p. m. Adopted.

Mr. Fisher moved that Supervisors Keeler, Huntly and Ward be appointed a committee to inquire of the best legal talent in the city, and obtain their opinion as to the legality of the substitute offered by Mr. Huntly, and that said legal talent be invited to appear before this board at ten o'clock to-day. Adopted.

Mr. Fisher moved to reconsider the resolution introduced by Mr. Gunn to send the committee on charitable and penal institutions to survey the lines of the county farm. Adopted.

Mr. Fisher moved to indefinitely postpone the resolution offered by Mr. Gunn. Adopted.

Mr. Lee moved that a committee of three be appointed to report to this board a suitable amount for salary of sheriff and deputies. Adopted.

The chair appointed as the committee, Supervisors Lee, Ward and Fisher.

On motion of Mr. Huntly, the board adjourned until this morning at nine o'clock.

Wednesday morning, November 12th.

The board met pursuant to adjournment. Called to order by the chairman, Wm. Gardner, all the members answering to their names.

By Mr. Kimball—An order appropriating \$30.00 for the purchase of an organ for the county poor farm. Adopted, and on motion of Mr. Merrill, committee No. 13 was authorized to purchase an organ.

By Mr. Lee—That on and after January 1st, 1886, Willis Miles be and is hereby appointed county purchasing agent for this county, under the rules and regulations existing prior to November 12th, 1881, at a salary of fifty dollars per year; and that the resolution passed on the 12th of November, 1884, appointing Sylvester Morgan as general purchasing agent for Rock county, is hereby declared inoperative and void after December 31st, 1885.

Mr. Nowlan moved an amendment by inserting the name of W. F. Williams in place of Willis Miles. Adopted.

Mr. Fisher moved that the further consideration of the resolution by Mr. Lee be postponed until two o'clock
